### Padhar Community Mental Health (CMH) Project outcome evaluation sheets

Please complete ‘For all patients’ and then for each disease as relevant

#### WITHOUT developmental delay

**For all patients**

1) **Modality of intervention**
   - **a** Medications in the field
   - **b** Referral to base hospital for evaluation/intervention
   - **c** Other

2) **Compliance**
   - **a** Good compliance (takes medications daily)
   - **b** Fair compliance (misses some tablets occasionally)
   - **c** Poor compliance (was very irregular, did not take most tablets)
   - **d** Non-compliant (did not take any medications at all)
   - **e** Not prescribed medications in the field

3) **Occupational Function**
   - **a** Non-functional / no change in status
   - **b** Partial improvement (doing some work in home/fields/other, but not at pre-morbid levels of functioning)
   - **c** Fully functional (working at home/fields/elsewhere at pre-morbid level of functioning)

4) **Community re-integration**
   - **a** No change from baseline
   - **b** Some change from baseline, but not at pre-morbid level
   - **c** Completely re-integrated i.e. at pre-morbid level

#### Epilepsy

1) **Seizure remission**
   - **a** No improvement
   - **b** Some improvement (fewer seizures/month than baseline, but more than half)
   - **c** Good improvement (half the number of seizures/month or less)
   - **d** Complete control (no seizures since last outreach visit)

#### Severe mental illness (psychosis/bipolar disorder/psychotic depression)

4) **Remission of positive psychotic/mood symptoms**
   - **a** No improvement
   - **b** Some improvement
   - **c** Complete control improvement

#### Common mental illnesses (depressive illness/anxiety/neurotic/substance/others)

4) **Symptom reduction**
   - **a** No improvement
   - **b** Some improvement
   - **c** Complete control

#### Headache syndromes & other non-epileptic neurological disorders

4) **Symptom reduction**
   - **a** No improvement
   - **b** Some improvement
   - **c** Complete control
