819-964-0270

maisonsupervisee@yahoo.ca

The Ungava Community Residence is an intermediate resource whose objective is to foster the integration and participation of its residents in the community.

To attain that objective, the supervised home—the name by which it is commonly known—offers a living environment that provides support and safety to residents, day and night, in a pleasant family atmosphere.

The services we offer are centred on the individual. It is the resident who participates in and defines his or her life project. Our role as intervener is to support the residents in their personal process toward autonomy and develop their full potential and self-esteem.

*Feel free to contact us for more information!

Below are some examples of the activities and services set up by and for the residents living in or who have lived in the supervised home.

- Support toward a return to the job market
- Support toward a return to studies
- Daily tasks at the supervised home
- Outdoor activities: fishing, hunting, camping, etc.
- Cooking
- Morning and afternoon coffee
- Swimming
- Biking
- Evening and weekend activities

During their stay at the home, the residents are also invited to participate in remunerated activities that benefit the community:

- Composting project
- Food distribution to needy families
- Fabrication of outdoor chairs from recycled tires
- Delivery of blue ice to elders
- Shovelling elders' homes
