

Important Notice Around Copying and Distribution of Partners In Health Grand Challenges Canada Mental Health Curricula for Haiti

Notice Around Using Images Found in PowerPoints/Manuals

The images found in the PowerPoint presentations and manual/handbooks have either come from Partners in Health or have been purchased through Hesperian, and have certain licensing restrictions. If any manual plans to be reprinted at any site (that includes pages with images), the PIH Boston Training Team must be notified about how many copies will be printed, to ensure that we are not infringing upon our licensing agreement (we will modify our agreement if need be). If any images from a PowerPoint plan to be repurposed or used in a separate PowerPoint, the Boston Training Team must also be notified, to ensure that we are not infringing upon our licensing agreement (we will modify our agreement if need be).

Notice Around Version Control and Naming of Adapted Materials

Our GCC products have been named in a certain way to ensure clarity and consistency in version control. If you will be editing the document you receive in any way, please be sure to rename it with the following naming convention:

Country_Subject_Cadre_Material_Language_Date

For Example, if you are adapting the French CHW Psychosis Facilitator Manual next month for use in Rwanda, your saved file should be named:

Rwanda_Psychosis_CHW_FM_French_12.15.15

This naming convention ensures that when you are using or sharing your version, the PIH Boston Mental Health team (and your team) can track that this is a specific adaptation. We will avoid the issue of having multiple presentations/manuals with the same name and will have a better understanding of the most up-to-date version.

Feedback on Materials

If you notice any errors on the materials, or have any feedback on the materials, please contact the PIH Boston Training Team and Mental Health Team. Your assistance in improving these materials further is greatly appreciated!
